

## Community Connections

Dear Owners,

Are you aware that as owners here in Suncadia, there are lots of ways to connect with other owners and become part of the community? Whether you are a lot owner, second-home owner, weekender or seasonal resident, or if this is your new primary residence, there are many ways to meet up with other owners who share your interests. Please click on the links below.

The **Suncadia Wine and Dinner Club** meets monthly (spring through fall) and holds a lovely holiday dinner in December. This group is lots of fun and a great/casual way to meet the neighborhood—it's usually "bring a bottle of wine to share and an appetizer to serve 12" at alternating owner homes; nondrinkers welcome. [Kurt Fresh](#) manages the list so please reach out to him if you'd like to receive emails about upcoming gatherings.

If you have children, they'll want to learn more about our **Suncadia Kids Club**, which holds events like ice skating, scavenger hunts, movie nights, kite-flying, hikes, etc. Contact [Michelle Weinberg](#) for more information.

In **Suncadiawomen**, we have a little over 140 women signed up according to their interests. Please provide your contact information (personal email address, street address, whether part time or full time or seasonal here, cell/phone optional) to [Suncadiawomen@gmail.com](mailto:Suncadiawomen@gmail.com). Here are our interest groups:

Suncadiawomen **Reading Between the Pines** Book Club meets monthly at alternating owner homes, for women who read (and even for those who haven't read the book). Reply to [Debbie Vitulli](#) directly for more information and to get on the list for upcoming monthly book club meetings.

Suncadiawomen **Community Engagement** group is about connecting with our communities: We've synched up with Life Support and with the Upper Kittitas Rotary Club Scholarship Program (raised over \$55k for local scholarships). And we just toured the Roslyn Cemeteries. If you want to get involved, this is the list to hear about local initiatives and ways to build community. Contact [Suncadiawomen@gmail.com](mailto:Suncadiawomen@gmail.com) for more information.

Suncadiawomen **Wild Women (and Wild Men) in the Woods**: This Monday-morning hiking group has enjoyed local hikes like the Coal Mines Trail, John Wayne Trail, Cooper Lake Trail, Swauk Forest Discovery Trail at Blewett Pass, and Knox Creek Trail. Contact [Kay Mabry](#) directly for more information...and bring your spouse, and dogs, too!

Suncadiawomen **Reel Women**: We gather for occasional evenings of movies (Halloween thrillers, six hours of *Pride and Prejudice*, or attending Roslyn Theatre as a group...). Contact [Suncadiawomen@gmail.com](mailto:Suncadiawomen@gmail.com) for more information.

If you play bridge now, or have always wanted to learn, we are forming a **Suncadia Bridge Club**. Contact [Cheryl Walker](#) for more information.

The **Suncadia Residential Owners Association (SROA) Advisory Committee** acts as advisors to the SROA Board of Directors to advocate for owners in all aspects of property ownership here. The committee gives a voice to owners and advises the board to enhance the community experience. If you have an interest in serving on this committee, contact [Community Associations](#).

**Quarterly board meetings** of the SROA and the Suncadia Community Council are open to all owners. Watch your **Weekly Update** and **Owners Website** for upcoming meetings and agendas. Be sure to sign in to the Owners Website, and click "My Profile" to edit your contact email address(s) and to receive multiple copies of the Weekly Bulletin and Tuesday Topic e-newsletters for your household. (Be sure to click "Save Changes" at the bottom of the "My Profile" page before exiting.)

Four owner subcommittees of the SROA Advisory Committee give owners fun ways to get involved in our community within their own interests. Please contact [Kathleen Horner](#), current SROAAC chair, to learn more about joining them:

**Funcadia** is a planning group for events like stargazing, concerts, lectures, annual "Funcadialympics" games, and other activities for families and adults in Suncadia. **Funcadia Kids** events are also planned by this group.

**Land Stewards** work on owner initiatives related to our forest lands, like our native garden, landscaping standards, Firewise® initiatives, Sustainability Day programming, and other land stewardship workshops for our community.

**Tech Advisory** is a group of techies who help us optimize our cell phone, internet, and TV connections in Suncadia, among other things.

**Governance Work Group** is about learning about our complex system of governance in Suncadia.

Whew! We hope you'll want to join your Suncadia neighbors, meet new friends, and be part of forming our community. Do let us know what interests you and once again, welcome to the neighborhood!
